Sir:

Pursuant to the provisions of 37 CFR § 1.56 and §1.97-§1.98, Applicants hereby submit
41 references which they believe may be material to the examination of this application and in
respect of which there may be a duty to disclose.

A list of the references is set forth on the attached Substitute Forms PTO 1449. A copy
of each of the listed items is supplied herewith, except for the issued U.S. patent.

References V153 and V157 are in the French language. Applicants previously cited their
English language equivalent: U.S. patent 5,944,833.

References V154 and V158 are in the French language. Applicants previously cited their
English language equivalent: U.S. patent 6,698,662.

References V155 and V159 are in the German language. Concise English language
explanations of these two references are given in reference V167.

Reference V179 is in the German language. English language reference V173
corresponds to reference V179.

While the references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR § 1.56, submission of this IDS is not intended to constitute an admission that said references are "prior art" for this invention.

In accordance with 37 CFR § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR § 1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR § 1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed references.

This IDS is being filed before the receipt of a first Office Action following the filing of a Request for Continued Examination under §1.114 that was mailed to the USPTO on December 20, 2007. While the USPTO's Office of Petitions, in its Decision on Petition mailed December 17, 2008, asked the Technology Center AU 2132 technical support staff to re-mail a Notice of Allowance that the USPTO allegedly mailed on April 4, 2008, no such new Notice of Allowance has been mailed by the USPTO. Therefore, Applicants conclude that no fee is due. While Applicants believe that no fee is due, the Commissioner is hereby authorized to charge our Deposit Account No. 19-3140 for any fees required in connection with the filing of this Information Disclosure Statement. This sheet is being submitted in duplicate.

Respectfully submitted,
